DEFEND AMERICAN WOMEN

Stagg and Stanlaws Rebut Charge of Italian Sculptor.

[Special to The Times-Dispatch.]

New York, December 6.—James Montgomery Plagg and Penrhyn Stanlaws to-day offered material evidence in rebuttal of the charge that American women had angular hands and big feet, made by Professor Triebel, sculptor and academician of the Royal Academy of Rome.

"Bring on the professor and I will show him the originals of these drawings," said Mr. Flagg. "I have tray-eled all over Europe, and have studied the types, and nowhere did I find a type to compare with the American girl Here is my latest sketch. The model was Mary Green, and there are hundreds of Mary Green, and there are hundreds of Mary Greens about the streets. She has marvelous hands and a delicate curve to the instep, and her foot is well-nigh perfect. Let the professor look at a society dance, through the stores and the factories, and he will change his mind."

"With all respect to the professor, I must say he is crazy to make such a statement," said Mr. Stanlaws. "Perf. who has a jealous Mrs. Prof. who has not let him look well enough at the models."
